

## **LATEST PRIMA GROWTH PLAN RETAINS MARKET LEADING 14% RETURN**

Meteor Asset Management is pleased to announce the launch of a third plan in the Prima range called The Prima Growth Plan 3.

Key details of the plan are:-

- A six year term.
- Based upon the FTSE100 and Nikkei 225 Indices.
- Offers 14% in the first year so long as both indices are at or above their opening levels.
- In the event that one of the indices is below the initial level the plan runs into year two where if both indices are above their opening level it will pay 28%.
- The plan stays open until both indices are at or above their opening levels and therefore would pay 42% in year three, 56% in year four, 70% in year five and 84% in year six (at maturity).
- Capital is at risk in the event of one or both indices falling below 50% of their opening levels and closing below such. In this situation the capital loss will be 1% for every 1% fall in the lower performing index. If, however, both indices recover to above their opening levels then the relevant maturity proceeds would be paid at the next anniversary.
- Minimum investment is £4,000 and the Plan is available for 2007/8 ISAs.
- Available via Direct Investment, ISAs, PEP & ISA Transfers or Pension.

Graham Devile Managing Director, commented,

***“Prima 2 has just closed and we have received continuing enthusiasm for the product due to its marketing leading rate. As we are able to offer the same terms in this latest version and demand is still strong clearly it made sense to continue its availability.***

***It is our intention to have several products out in the marketplace at all times, each designed to satisfy differing investment needs. This launch follows the recent Galaxy Commodities Protected Plan 2, The Gemini Income Plan and the Prima \$ and € plans, all of which are currently available. ”***

The plan is also open to companies, trusts and pension funds and direct investments are also accepted from most non-UK residents.

The closing date for the plan is 21 September 2007 for Mini or Maxi ISAs and Direct investments whilst applications for ISA/PEP transfers close on 14 September 2007.

The Opening Level for the Plan will be the close of business level on 28 September 2007, and the Closing Level will be the close of business level on 30 September 2013.

Interest will be paid at 4% pa on all investments from receipt of cleared funds to the investment date of 28 September 2007.

IFA commission 3%.

**Notes to Editors:**

There is always a counterparty risk on ANY investment. This is the risk that the investment might not pay out the benefits described if one of the financial institutions in which the subscriptions are invested is unable to make repayment under the terms of the bonds. As we choose institutions with highly rated capital security we believe that this is a very small risk, but one of which we make customers aware in our literature.
